—We again wish to bring before our readers the name of J. D. Jones as a probable candidate for treasurer of this county and would say that he is a man qualified in every respect to fill that position. There is not a man in the Republican ranks to-day who deserves that position more than Mr. Jones. He has been an active worker for the interests of that party in this section for a long time. He would make a strong run in this as well as other parts of the county and would receive the support of all classes and should be nominated by vote to represent this county in the General Assembly.

Uncle Sam's First Epistle.
Bay Shore, Ohio, Aug. 14th.
I have been at this place one week holding meetings, having a splendid time. I am now on the Ohio river. We had a very heavy load on Lake Erie, a regular tonnage. It came near blowing our load up in the air. I think if I had not had a lot of my heavy bread on-board we would not have been so lucky. The people think we have a splendid load. My oil cooking stove exploded and caused some burning on our boat. Either we or the stove was to get around the stove went and we had a cold breakfast. We were some miles out on Lake Erie. I hope my enemies feel better since they have thrown up a crowd that was on their guard; but let them look out when I come back for I'll be loaded for bear. Give my respects to all the children from one to eighty. I hope Dock will be married before I come back. The first epistle of Uncle Sam.

A Wonderful Discovery.
Consumptives and all who suffer from any affection of the throat and lungs, can find a certain cure in Dr. King's New Discovery for Consumption. Thousands of persons have verified the truth of this statement. No medicine can show such a record of wonderful cures. Thousands of once hopeless sufferers are gratefully proclaiming they were their lives to this new discovery. It will cost you nothing to give it a trial. Free trial bottles at W. N. McKenna's drug store. Large size \$1.00.

—Last Sunday, for a little recreation we took a ramble through the north-west part of the village and found much improvement going on. We noticed that Jas. Wallace has the foundation for his house completed and the lumber on the ground all ready to build. The main part of the house will be 22x26 feet with a Mansard roof. He has a neat fence around his place, the ground is fitted up in nice shape and taking all in all he has a fine location and will have a splendid place when completed. Seems to me Jim intends taking unto himself a helpmate in the near future—allowing us to judge from appearances. The Andrease boys, we are informed, intend putting up two fine residences soon, making another addition to this part of the village. Go ahead, the more the merrier. David Barrett, has made a few improvements on his place which we are glad to see. H. F. Leonard has lately built a new fence in front of his place, set out shade trees and shrubbery all of which adds beauty and value to the place. W. D. Wear showed us through his place, from the beautiful lawn in front of his house to the rustic nook in the rear where he has fitted up a seat to while away the hot Sunday afternoons in summer, sleeping or reading. Mr. Wear has made many decided improvements since he took the place and he is not through yet. Improvements are being indulged in on every hand. Ernest Kook has his home fitted up in a neat and tasty manner. The Messrs Melchers who moved over here from Canada not long since and purchased property in this part of the village are not behind in making their homes pleasant. There are many others who are advancing in line with the above mentioned and it will only be a short time when this part of the village will be filled up with handsome dwellings. We intend taking a look over other parts of the town in the near future and telling our readers as near as we can what we think of it.

All honor to the Ladies.
A few of the ladies connected with the Library Association of the village, getting out of patience with the small like motions of those in charge of the institution, have resolved to work up a boom or something else, to give it a little more life and a little more money, which is very much needed at present, and to carry out this very laudable desire, have concluded to give an entertainment in Duffie's Hall, Friday evening, Aug. 22nd. A novel and amusing, as well as instructive program is being prepared, the details of which will be announced in due time. Having had only a peep at the program, cannot venture more than that it is a good one. Music, speeches, and refreshments are promised, also an "Art Loan," similar, or otherwise, to that held in Detroit during the last year which attracted so much attention, will also be one of the attractions. Let us give the ladies a full house. Proceeds to purchase more books for long winter nights coming.

IMPORTANT.
When you visit or leave New York City save Baggage Expressage and Carriage Hire and stop at the Grand Union Hotel opposite Grand Central Depot.

Elegant rooms fitted up at a cost of one million dollars, reduced to \$1 and upwards per day. European plan. Elevator. Restaurant supplied with the best. Horse cars, stages and elevated railroad all at the door. The Grand Union Hotel is for less money at the Grand Union Hotel than at any other first-class hotel in the city.

Very Remarkable Recovery.
Mr. G. O. V. Willing, of Manchester, Mich., writes: "My wife has been almost helpless for six years, so helpless that she could not turn over in bed alone. She used two bottles of electric balm, and is so much improved, that she is able now to do her own work."

Electric Balm will do all that is claimed for them. Hundreds of testimonials attest their great curative powers. Only fifty cents a bottle at W. N. McKenna's.

A NEW ENTERPRISE.
The proprietors of the Brockway Centre Woolen Mills have concluded to start a merchant tailoring establishment in connection with their manufacturing business. We have secured the services of a first class tailor, Mr. Hoskin in whom we have confidence and can guarantee all our work under his management. We will constantly keep on hand a large assortment of cloth or our own manufacture and also of the finest imported goods. We have an immense stock of woolen goods consisting of cloths, flannels, bed blankets, horse blankets, sheetings and yards of all grades and colors which we will sell wholesale and retail at prices as low as any mill in the state at our new store or the mill. We thank the public for their liberal patronage extended to us in our woolen mill business and hope by strict attention that we will merit their confidence in our new business. Tailor shop and store first door south of the bakery. Samples sent on application by mail. Prompt attention given to orders. C. ANDREAE & SONS.

HANOVER, O., Feb. 13, 1884.
